BACTRACK® B70

ALCOHOL DETECTOR

TESTS BREATH FOR THE PRESENCE OF ALCOHOL AND ESTIMATES BAC

The BACTRACK® B70 breathalyzer is a smart and safe way to screen for the presence of alcohol. The BACTRACK® quickly and easily estimates Blood Alcohol Content (BAC) by testing a user's breath sample.

0.02 %BAC

No Mouthpiece Necessary
Sanitary and easy to share.

Simple One-button Operation
Easy to use ergonomic design.

BluFire® Sensor Technology
Uses patent-pending sensing technology.

What's Inside?
- BACTRACK® breathalyzer
- Carrying case
- Instructions and calibration log
- One-year limited warranty

Intended Use:
Screens for the presence of alcohol in human breath; used in the diagnosis of alcohol intoxication.

▶ REQUIRES 2 AA BATTERIES
Not included.

Estimates and results may vary. This product cannot determine the subject's exact blood alcohol concentration (BAC) and should not be used for such purposes. Read the enclosed instructions first to ensure proper use, accuracy limitations and calibration requirements. It is very important to have the instrument calibrated periodically as recommended in the instructions. Failure to do so may result in inaccurate readings. Do not rely upon results to determine your level of intoxication or your ability to safely operate motor vehicles or heavy machinery.
